About SAE INDIA

SAEINDIA is a professional engineering society whose membership represents practically every engineering and scientific discipline. Its members combine their specialized abilities to further advance the research, development, design, manufacture and utilization of vehicles which operate on land, water, air and space.

About Institution

MLR Institute of Technology (MLRIT) was established in 2005 and conferred autonomous status by UGC, NAAC with “A” Grade and all the batches are accredited by NBA. MLRIT offers six undergraduate programmes (Aeronautical Engg., Mechanical Engg., ECE, CSE, IT and EEE), seven post-graduate programmes in engineering apart from MBA. The major objective of MLRIT is to provide quality education in engineering and allied sciences through exchange of ideas between academic community and industrial organizations.

- **MLR Institute of Technology is ranked among Top 10 Engineering Colleges as per NIRF-2017 Rankings, MHRD, and Govt. of India.**
- **Outlook Survey-2017 - MLR Institute of Technology is ranked one among top 10 Engineering Institutions in Telangana.**

About the Programme:

Research is the bedrock of knowledge in general and higher education in particular. The institutions of higher education in India are facing crucial challenge in creating, nurturing and maintaining the level of quality research. It is essential to develop a sound methodological base of research among the researchers to cope up with challenges in the field of research. A good research methodology is a key to sound research output. To operationalize this vision, there is need to train, reorient and reactivate the faculty on research methodology. The current workshop is an effort to enrich the faculty on research methodology.
