Rubric #R1: Project Synopsis/ Proposal Evaluation

Maximum Marks* : 30

Level of Achievement							
		Excellent (10)	Good (8)	Average (6)	Acceptable (4)	Unacceptable (2)	Score
a	Identification of Problem Domain and Detailed Analysis	Detailed and extensive explanation of the purpose and need of the project	Good explanation of the purpose and need of the project	Average explanation of the purpose and need of the project;	Moderate explanation of the purpose and need of the project	Minimal explanation of the purpose and need of the project	
b	Study of the Existing Systems and Feasibility of Project Proposal	Detailed and extensive explanation of the specifications and the limitations of the existing systems	Collects a great deal of information and good study of the existing systems;	Mopderate study of the existing systems; collects some basic information	Explanation of the specifications and the limitations of the existing systems not very satisfactory; limited information	Minimal explanation of the specifications and the limitations of the existing systems; incomplete information	
c	Objectives and Methodology of the Proposed Work using SPEED (student platform for Engineering education development) format	All objectives of the proposed work are well defined; Steps to be followed to solve the defined problem are clearly specified	Good justification to the objectives; Methodology to be followed is specified but detailing is not done	Incomplete justification to the objectives proposed; Steps are mentioned but unclear; without justification to objectives	Only Some objectives of the proposed work are well defined; Steps to be followed to solve the defined problem are not specified properly	Objectives of the proposed work are either not identified or not well defined; Incomplete and improper specification	

Rubric #R2: Mid-term Project Evaluation

Maximum Marks* : 30

Level of Achievement							
		Excellent (10)	Good (8)	Average (6)	Acceptable (4)	Unacceptable (2)	Score
a	Design Methodology	☑ Divison of problem into modules and good selection of computing framework ☑ Appropriate design methodology and properly justification	☑ Divison of problem into modules and good selection of computing framework ☑ Design methodology not properly justified	☑ Divison of problem into modules but inappropriate selection of computing framework ☑ Design methodology not defined properly	☑ Partial divison of problem into modules and inappropriate selection of computing framework ☑ Design methodology not defined properly	☑ Modular approach not adopted ☑ Design methodology not defined	
	Planning of Project Work and Team Structure	Time frame properly specified and being followed Appropriate distribution of project work	Time frame properly specified and being followed Distribution of project work inappropriate	Time frame properly specified, but not being followed Distribution of project work uneven	Time frame properly specified, but not being followed Un-even distribution of project work and no synchronization	Time frame not properly specified In-appropriate distribution of project work

Rubric #R3: End Semester Internal Project Evaluation

Maximum Marks* : 30

Level of Achievement							
		Excellent (10)	Good (8)	Average (6)	Acceptable (4)	Unacceptable (2)	Score
a	Incorporation of Suggestions	Changes are made as per modifications suggested during mid term evaluation and new innovations added	Changes are made as per modifications suggested during mid term evaluation and good justification	All major changes are made as per modifications suggested during mid term evaluation	Few changes are made as per modifications suggested during mid term evaluation	Suggestions during mid term evaluation are not incorporated	
b	Project Demonstration	All defined objectives are achieved. Each module working well and properly demonstrated. All modules	All defined objectives are achieved. Each module working well and properly demonstrated. Integration of all	All defined objectives are achieved. Modules are working well in isolation and properly demonstrated	Some of the defined objectives are achieved. Modules are working well in isolation and properly demonstrated	Defined objectives are not achieved. Modules are not in proper working form that further leads to failure of integrated system	

		of project are well integrate d and system working is accurate	modules not done and system working is not veey satisfacto r y	Modules of project are not properly integrate d	ated Modules of project are not properl y integrat ed
